

Muskegon County Homeless Continuum of Care Network (CoC)

WRITTEN STANDARDS FOR ESG/CoC SERVICE DELIVERY

Introduction

The Muskegon County Homeless Continuum of Care Network (CoC) has developed the following standards for providing assistance with Emergency Solutions Grants (ESG) and Continuum of Care funds as required by HUD regulation [24 CFR 576.400 (e) and 24 CFR 578.7(a)(8)]. They are in accordance with the interim rule for the Emergency Solutions Grants Program released by HUD on April 1, 2017 (see [24 CFR Part 576](#)), the [final rule](#) for the definition of homelessness released on December 4, 2011, and [Notice CPD-20-08: Waivers and Alternative Requirements for the Emergency Solutions Grants ESG Program Under the CARES Act \(ESG-CV Notice\)](#), released on September 1, 2020.

In conjunction, with MSHDA's guiding principles of Housing First, Progressive Engagement, and Strength Based Case Management; these approaches assist to quickly and successfully connect individuals and families experiencing homelessness to permanent housing without preconditions and barriers to entry, such as sobriety, treatment, or service participation requirements.

Each Emergency Solutions Grant (ESG) and Continuum of Care (CoC) funded service provider shall comply with the minimum written standards established by the Muskegon County Homeless Continuum of Care Network. Each provider may decide to set standards on their provision of ESG/CoC that exceed these minimum standards, but will at the very least comply with the following:

GENERAL STANDARDS PARTICIPANT ELIGIBILITY:

Minimum standards for evaluating individual and family eligibility for assistance under Emergency Solutions Grant (ESG) and Continuum of Care (CoC) are:

There must be a rental assistance agreement between the landlord and agency and a written lease between tenant and landlord. Each provider offering rapid rehousing must reevaluate the need for continued assistance every 90 days. Continued assistance will be provided for periods up to three (3) months at a time. Eligible persons for transitional housing meet the homeless definition based on categories 1, 2 and 4. COORDINATED ENTRY:

Minimum standards for centralized or coordinated assessment system are:

- Once the Continuum of Care has developed and adopted a centralized or coordinated assessment system in accordance with HUD's requirements (24 CFR Part 578) all providers within the Continuum of Care's area, except for victim service providers, shall use that assessment system.
- A victim service provider may choose not to use the Continuum of Care's assessment system. However, all victim service providers are required to use a centralized or coordinated assessment system that meets HUDS's minimum requirements.
- This shall include the use of a standardized assessment tool by all providers to determine the appropriate intervention to address the episode of homelessness and the prioritization of individuals and families for assistance based on the severity of their service needs and the length of time homeless.
- The CoC has determined that the VI-SPDAT (Vulnerability Index – Service Priority Decision Assessment Tool) will be the standardized assessment tool used for Muskegon County. The VI-SPDAT is required to be conducted upon intake into: Emergency Shelter, Transitional Housing, Rapid Rehousing and Permanent Supportive Housing. Outreach workers should conduct a VI-SPDAT on homeless persons engaged. Providers conducting the VI-SPDAT assessment are required to enter that information into HMIS.
- As the Muskegon County Homeless Continuum of Care Network (CoC) moves forward in implementing coordinated entry, it will be implemented in stages commencing with Permanent Supportive Housing, then including Rapid Rehousing and Transitional Housing.
 - Referral and admission to Permanent Supportive Housing will be prioritized consistent with Notice CPD-14-012: "Prioritizing Persons Experiencing Chronic Homelessness in Permanent Supportive Housing and Recordkeeping Requirements for Documenting Chronic Homeless Status"
 - All referrals through the Muskegon County Homeless Continuum of Care coordinated entry to permanent supportive housing will be prioritized consistent with Notice CPD-14-012.

- Ongoing training and support will be provided to all CoC and ESG funded providers in the assessment, prioritization, referral and placement process.
- As coordinated entry is established in the CoC:

The Muskegon County Homeless Continuum of Care Network Executive Committee will assess whether the HMIS lead is fully complying with all HUD requirements, is providing adequate support and training to HMIS contributing agencies, and whether the HMIS services are cost-effective.

Providers of Street Outreach services shall target unsheltered homeless individuals and families, meaning those with a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings, including a car, park, abandoned building, bus or train station airport or camping ground.

Assessment/Service Provision/Referral/Prioritization:

- Individuals and families shall be offered an initial need and eligibility assessment. Whenever possible families and individuals engaged through Street Outreach should complete an assessment using the VI-SPDAT and entering that information into HMIS as soon as is practicable. Qualifying program participants, including those meeting special population criteria, will be offered the following Street Outreach services, as needed and appropriate: engagement, case management, emergency health and mental health, and transportation services.
- When appropriate based on the individual's needs and wishes, the provision of or referral to rapid rehousing services that can quickly assist individuals to obtain safe, permanent housing shall be prioritized over the provision of or referral to emergency shelter or transitional housing services.

EMERGENCY SHELTER STANDARDS

MINIMUM STANDARDS:

- **Admission:**

Providers of Emergency Shelter services shall admit individuals and families who meet the HUD definition of "homeless," as specified in 24 CFR 576.2 (1, 2, & 4) and agencies' eligibility criteria. No provider funded under ESG or the CoC program may serve homeless persons in Category 3 until it has been notified by SARA that a request has been made to serve this population and the request has been approved by HUD.

- **Assessment:**

Individuals and families shall be assessed using the VI-SPDAT assessment with the assessment entered into HMIS. The CoC's coordinated entry system will specify when the VI-

SPDAT assessment is to occur – upon application for shelter after the family or individual has been sheltered for a specified period of time and has not been able to resolve the episode of homelessness without additional support. Families and individuals remaining in shelter for longer than thirty (30) days shall be reassessed with the VI-SPDAT no less frequently than every thirty (30) days.

- **Prioritization/Diversion/Referral:**

When appropriate based on the individual's needs and wishes, the provision of or referral to Homeless Prevention or Rapid Rehousing services that can quickly assist individuals to maintain or obtain safe, permanent housing shall be prioritized over the provision of Emergency Shelter or Transitional Housing services.

- **Reassessment:**

Program participants will be reassessed as case management progresses, based on the individual service provider's policies but no less frequently than every thirty (30) days.

- **Discharge/Length of Stay:**

Program participants shall be discharged from Emergency Shelter services when they choose to leave or when they have successfully obtained safe, permanent housing. Any Length of Stay limitations shall be determined by the individual service provider's policies and clearly communicated to program participants. Providers of shelter services are strongly encouraged not to discharge individuals and families who have not secured permanent housing and maintain those households in shelter until they can be placed in appropriate permanent housing.

- **Safety and Shelter Safeguards for Special Populations:**

Safety and Shelter Safeguards shall be determined by the individual Special Population service provider's policies and clearly communicated to program participants.

Prioritization for Shelter Services

- Emergency shelters will prioritize shelter services for those:

- That cannot be diverted – individuals and families lacking other resources in the community even if limited assistance could be provided to end their homelessness.
- Individuals and families that are vulnerable to injury or illness if not sheltered.
- Not in need of emergency medical or psychiatric services or who present a danger to themselves or others.

- Are literally homeless and in the absence of shelter are likely to be living in an unsheltered setting.

Additional Requirements for Shelter Services:

- There can be no requirements related to ID, legal residency, income or employment in order to access and receive emergency shelter services; and
- Transgender placement will be based on gender self-identification.

HOMELESSNESS PREVENTION AND RAPID RE-HOUSING STANDARDS

ELIGIBILITY/PRIORITIZATION:

Minimum standards for determining and prioritizing which eligible families and individuals shall receive homelessness prevention assistance and which eligible families and individuals shall receive rapid rehousing assistance are:

- **Rapid Re-housing (RR)** – To be eligible for RR Housing Relocation and Stabilization Services and Short-term and Medium-term Rental Assistance, people must:
 - Meet the federal criteria under category (1) of the “homeless” definition in 24 CFR 576.2 [ESG funded programs]. CoC funded RR projects may assist participants in Category 2 or Category 4 homeless except that CoC RR projects funded through reallocation may only serve Category 1 homeless people.
 - Meet the criteria under category (4) of the “homeless” definition in 24 CFR 576.2 and live in an emergency shelter or other place described in category (1) of the “homeless” definition. [ESG funded programs]
 - Program participant’s annual income, at annual review must be less than or equal to 30% of the Area Median Income [ESG Funded programs only]

- **Homelessness Prevention (HP) ESG** – To be eligible for HP Housing Relocation and Stabilization Services and Short-term and Medium-term Rental Assistance, people must require HP services to prevent moving into an emergency shelter or another place described in category (1) of the “homeless” definition in 24 CFR 576.2, have an annual income below 30% of the median income for the area and:

○ Meet the federal criteria under the “at risk of homelessness” definition in 24 CFR 576.2
OR

○ Meet the criteria in category (2), or (4) of the “homeless” definition in 24 CFR 576.2.

○ Be a resident of Muskegon County for at least 30 days prior to requesting assistance.

In providing rapid rehousing assistance, providers shall prioritize the following sub-populations:

• Families with children with priority given to the newly homeless and homeless households not headed by persons with disabilities;

- Homeless youth with priority for young households with children;
- Domestic violence survivors;
- Single persons without long term disabilities; and

• Veterans, especially those persons who have served in the US military but are not eligible for services from the Department of Veterans Affairs (VA) or who are unable to access services from the VA.

• Homeless persons in need of permanent supportive housing but who are on a waiting list through coordinated entry for that housing. Rapid rehousing will be used as a bridge to permanent supportive housing in these instances.

PARTICIPANT CONTRIBUTION:

Minimum standards for determining what percentage or amount of rent and utilities costs each program participant shall pay while receiving homelessness prevention or rapid rehousing assistance are:

• Participant’s income shall be verified prior to approval for initial and additional financial assistance. Documentation of the participant’s income and expenses, including how the participant is contributing to housing costs, if at all, shall be maintained in participant’s file. This file shall also contain a plan to sustain housing following the assistance, including either a plan to increase income or decrease expenses or both.

• Providers funded under ESG or CoC may pay up to 100 percent of the reasonable rent and utility costs for program participants. Providers may, at their discretion, choose to impose rental charges on participants. In the event that providers elect to charge rent or occupancy charges, these charges may not exceed those established in 24 CFR 576.106 or 578.77 and as limited, below.

- The MCHCN policy is that sufficient financial assistance should be provided to ensure the likelihood of positive housing outcomes after assistance and that every effort should be made to limit assistance to that which is necessary for housing stability.
- Any additional requirements regarding the percentage or amount of rent and utilities costs each program participant shall pay shall be determined by the individual service provider's policies and clearly communicated to program participants.
- The calculation of participant's income, the level of financial assistance provided, whether a hardship exemption is granted are all decisions that must be appealable to the provider and, if the participant is not satisfied with the response, to the CoC.

RENTAL ASSISTANCE DURATION AND ADJUSTMENT:

Minimum standards for determining how long a particular program participant shall be provided with rental assistance and whether and how the amount of that assistance shall be adjusted over time are:

- Participants shall receive approval for the minimum amount of financial assistance necessary to prevent homelessness. Documentation of financial need shall be kept in the participant's file for each quarterly assessment. Participants shall not be approved for more rental assistance than can be justified given their income and expenses at a given time.
- Approval for rental assistance shall be granted for renewable periods not to exceed three months. Providers must re-assess the continuing need for rental assistance before approving an additional increment. In no event will assistance under rapid rehousing exceed 24 months in any 36- month period.
- Any additional requirements regarding how long a program participant shall be provided with rental assistance and whether and how the amount of that assistance shall be adjusted over time shall be determined by the individual service provider's policies and clearly communicated to program participants.

Minimum standards for determining and prioritizing which eligible families and individuals shall receive permanent supportive housing are:

- To be eligible for permanent supportive housing people must: Meet the federal criteria under category (1) or (4) of the “homeless” definition in 24 CFR 576.2. Eligible households include individuals with disabilities and families in which one adult or child has a disability.

In addition to meeting basic eligibility requirements, individuals and families to be served through permanent supportive housing in the Muskegon County Homeless Continuum of Care Network (CoC) must:

- Be assessed using the VI-SPDAT assessment with that information entered into HMIS.
- All applications and referrals of households for permanent supportive housing must come through the coordinated entry system operated by the Muskegon County Homeless Continuum of Care Network. No individual or family may be admitted to permanent supportive housing in the CoC without a referral from coordinated entry.

- Providers are required to verify and maintain documentation for all households referred for permanent supportive housing including documentation of homeless status, disabling condition of a family member, and chronic homeless status, if applicable.

Referrals to permanent supportive housing will be made by the Muskegon County Homeless Continuum of Care Network through the coordinated entry process and will be prioritized for assistance according to the standards set forth below:

- **Priority populations for Permanent Supportive Housing.**

The Muskegon County Homeless Continuum of Care Network (CoC) will follow CPD Notice 14-012 “Prioritizing Persons Experiencing Chronic Homelessness in Permanent Supportive Housing.” The order of priority for admission to permanent supportive housing will follow the priorities established in Notice 14-012.

- In providing permanent supportive housing, providers shall prioritize the following populations:

- Persons who are chronically homeless and highly vulnerable with severe service needs;
- Those who have been homeless for the longest period of time or who have had repeated episodes of homelessness over an extended period.
- Veterans.

- **Order of priority in CoC program funded permanent supportive housing beds dedicated to persons experiencing chronic homelessness, and PSH beds prioritized for occupancy by persons experiencing chronic homelessness.**

- First priority: chronically homeless individuals and families with the longest history of homelessness and with the most severe service needs.
- Second priority: chronically homeless families and individuals with the longest history of homelessness.
- Third priority: chronically homeless individuals and families with the most severe service needs.

- **Order of priority in permanent supportive housing beds not dedicated or prioritized for persons experiencing chronic homelessness:**

- First priority: homeless individuals and families with a disability and the most severe service needs;

- Second priority: homeless individuals and families with a disability with a long period of continuous or episodic homelessness.
- Third priority: homeless individuals and families with a disability with a long period of continuous or episodic homelessness.
- Fourth priority: homeless individuals and families with a disability coming from transitional housing.

- **Single, Prioritized Wait List for Permanent Supportive Housing**

- The Muskegon County Homeless Continuum of Care Network (CoC) will establish a single, prioritized wait list for permanent supportive housing. The wait list will be prioritized according to the order of priority identified above. The single priority waitlist and referral process will allow CoC participants to exercise freedom of choice. The prioritized waitlist will be administered by the Muskegon County Homeless Continuum of Care Network as part of the Coordinated Entry System.

- The waitlist will be periodically updated by the Muskegon County Homeless Continuum of Care Network so new referrals are prioritized according to the factors listed above and not prioritized based on length of time on the waiting list.

- When fully implemented, providers of permanent supportive housing in the CoC will be required to accept ALL admissions from the priority waitlist and may not establish their own waitlists or prioritizations.

- Providers will have limited authority to decline referrals from the coordinated entry system. However, even if a provider declines a referral, it will have to obtain an alternative referral from coordinated entry. Providers may not substitute an otherwise eligible participant for those referred through coordinated entry.

- **Housing First.**

Providers of permanent supportive housing shall use the Housing First model as outlined below. Any new projects funded by the CoC must use the Housing First model. Any existing permanent supportive housing project that has indicated in application to HUD (starting in the FY 2013 NOFA competition) that it employs the Housing First model must follow the standards as set forth below. Existing permanent supportive housing projects that have not indicated Housing First are 'grandfathered' from this policy.

- **Housing First Projects:**

- Housing is not contingent on compliance with services – participants are provided with a standard one- year lease agreement. The lease agreement can only be terminated in accordance with State of Michigan statutes.
- Participants are provided with services and supports to help maintain housing and prevent eviction.
- There is no requirement for sobriety prior to being offered housing and admission shall not be conditioned on credit or background checks. Criminal backgrounds will be considered only to the extent necessary to protect safety and well-being.
- Participants shall be given choice in their housing subject to program limitations.
- Participants are not required to participate in services, but providers are required to persistently and consistently seek to engage participants.
- Providers are encouraged to support staff in implementing Evidence Based Practices that support Housing First (Critical Time Intervention, Motivational Interviewing, Stages of Change)
- Projects that are designated as Housing First shall be contractually obligated to follow these principles and will be subject to monitoring.

• Additional Requirements for Permanent Supportive Housing Projects with Rental Assistance

- Calculation of the rental payment amount shall only include monthly rent for the unit, any occupancy fees under the lease (except for pet and late fees) and if the participant pays separately for utilities, the monthly utility allowance established by the public housing authority for the area in which the housing is located.
- Payment for rental assistance shall only be made when there is a rental assistance agreement between the provider and the owner, which sets forth the terms under which rental assistance will be provided, including the prior requirements; a requirement that the owner provide the subrecipient with a copy of any notice to vacate given to the participant or any complaint used to commence an eviction action; and the same payment due date, grace period and late payment penalty requirement as the participant’s lease.
- Payment of any late payment penalties incurred by the agency shall not be claimed for reimbursement.
- Payment shall only be made when there is a legally binding, written lease for the rental unit between the participant and the owner.

PARTICIPANT CONTRIBUTION

Individuals and families residing in permanent supportive housing are required to pay rent. Rent charges may not exceed those specified in 578.77.

PROGRAM FEES

No fee other than rent or occupancy charges as specified above may be charged to program participants. This includes meals, copayments for services, transportation and all other services that may be provided to program participants

Decisions made by providers funded under ESG or CoC program funds including: the decision of whether to admit a participant to the program, the amount of the participant's income and/or required rent payment, or whether to admit additional family members to the assisted household, or whether to terminate the participation of any participant are all subject to appeal. The initial appeal of any decision shall be made to the ESG or CoC funded provider pursuant to the process described below. Should the participant not be satisfied with the appeal decision, he/she has the right to appeal that decision to the Muskegon County Homeless Continuum of Care Executive Committee. The Muskegon County Homeless Continuum of Care Network shall follow the process for appeals specified below.

 - The participant may be represented in the appeal but neither the CoC nor the provider is responsible for providing or funding someone to represent the participant.

 - The appeal may be in writing, orally or both.
 - The participant may be represented but the Muskegon County Homeless Continuum of Care Network is not responsible for providing representation.
 - The Muskegon County Homeless Continuum of Care Network Executive Committee may designate a subcommittee to hear appeals.
 - If the appeal has been designated to a subcommittee, the participant shall have the right to appeal to the Muskegon County Homeless Continuum of Care Network Executive Committee
 - Appeals shall be addressed within sixty(days)of receipt of the appeal by the Muskegon County Homeless Continuum of Care Network Executive Committee.
 - Participants will receive prompt written notification of the outcome of the appeal.
